

Michaela Vojtová

JUNIOR WEB DEVELOPER

Professional Summary

I'm a self-taught Web Developer constantly improving my technical skills and logical thinking. Currently I'm enrolled in Web Development course at Wild Code School in Lisbon, with a main focus of building projects in teams using latest technologies: HTML5, CSS3, JavaScript, React.js, Express.js, Node.js and MySQL Database. I worked in diverse environments in different countries improving my skills on high level communication, customer satisfaction, problem solving and team work. In my spare time I practice singing; I'm passionate about music and that drove me to get an associate degree at Prague Conservatory.

Education

Web and mobile development training, Wild Code School, Lisbon

SEPTEMBER 2021 — FEBRUARY 2022

Web Development at Wild Code School is an intensive five months course that focus on learning HTML, CSS, JavaScript, React.js, Node.js, Express.js, MySQL, Git Bash and GitHub. The purpose of this course is to practice those skills on group projects. As a final task we build a project for a company.

Associate's degree, pop-music, Prague Conservatory, Prague

SEPTEMBER 2013 — JUNE 2019

I dedicated six years of studying popular music and singing at Prague Conservatory. I learned modern vocal techniques, acting, dancing, methodology of teaching, history of music and music theory.
